

ST CATHERINE'S
COLLEGE
A CHURCH OF ENGLAND ACADEMY

9 September 2024

Dear Parent/Carer

We hope that you and your loved ones are well.

Science is a subject that has large amounts of information for students to learn. To make learning and revising easier we recommend the purchase of science revision guides for all our students. The use of revision guides reduces the time spent copying from the board and allows a greater focus on developing understanding and application of scientific ideas.

We have identified a suitable Combined Science revision guide, published by CGP, and have managed to negotiate a substantial discount. The guide will cost £6.50, normal price £10.99. The guide will cover all the content from the schemes of work for years 9, 10 and 11. You can order and pay for this book using Arbor Payments. The books will be given out to pupils in their science lessons.

Whilst we are able to lend books to students in lessons, they will not be able to annotate these or take them home for revision. Therefore, I strongly recommend the purchase of this book. We do not wish any students to be disadvantaged for financial reasons, so please contact me if you feel that you may have difficulty with paying for a revision guide for your child.

Please contact me if you have any further questions about this. My email is mclayton-harding@stcatherines.college

Yours faithfully

Mr M Clayton-Harding
Head of Science
