

At St Catherine's College, we continue to offer a wide variety of opportunities for pupils to reflect on their lives and the wider world through the lens of the Christian faith. We have used short videos during tutor times and have focused on Awareness days; days that bring to our attention particular issues and causes. We have looked at everything from light-hearted subjects, such as National Lost Sock Day, to serious issues, such as World Press Freedom Day. Using the bible verse, *'A lie has a short life, but truth lives on forever'*, pupils looked at the work that the best journalism does in exposing wrong, holding power to account and presenting the truth to our world.

Our School Worship have been based on themes that enable reflection and action. A variety of speakers have tackled themes such as dealing with change, the value of education for life and preparing for the conditions of real life. Again, we have used the wisdom of the bible to shape our messages using stories such as the Good Samaritan and the words of Jesus, *'Greater love has no one than this: to lay down one's life for one's friends'*, when the sacrificial service of Christ for us motivates our own service towards others.

In our worships at St Catherine's, it is always so encouraging to see that pupils have reflected on the quality of their own thoughts, choices and actions so they can impact the world around them positively now and in the future.

### LOST PROPERTY

Each week, Mrs Poston sorts through the lost property in Student Services. Pictured left is only a small
